

SPOTLUX

ROUND FLAT PLATE

FOR WOOD OR STONE CEILINGS

REFLECTED PLAN VIEW

65W Max 10" x 10" Housing

SPOTLUX ROUND is an MR16 adjustable accent fixture designed to provide elegant illumination by using the smallest possible circular light opening of 2". This combines with a nominal 4-5/8" diameter removable faceplate, coplanar with, and nearly indistinguishable from the ceiling surface. This luminaire system is a full family, providing space and object illumination and wallwashing with interchangeable internal mechanisms. It is designed for flangeless mounting in wood or stone ceilings.

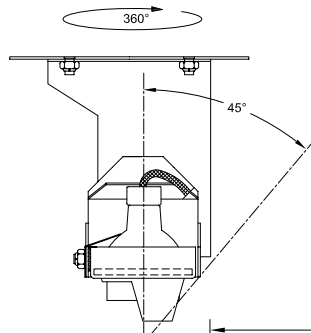

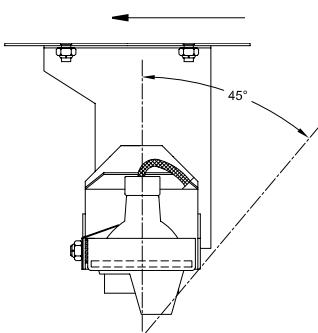

FEATURES:

- Aluminum Round flat plate trim with optional lens
- Adjustable accent or wallwash capabilities
- Alternate transformer box locations are available, contact factory for specifications
- Individual lensing options at lamp
- Additional accessories are available
- Non-IC thermally protected luminaire
- Suitable for damp location with open trim assembly
- Suitable for wet location only with covered ceiling

SPOTLUX ROUND is NRTL (Nationally Recognized Testing Laboratory) certified for purposes of OSHA safety standards product-approval requirements.
